THE CUSTOMER'S OWN BRAND (OEM)

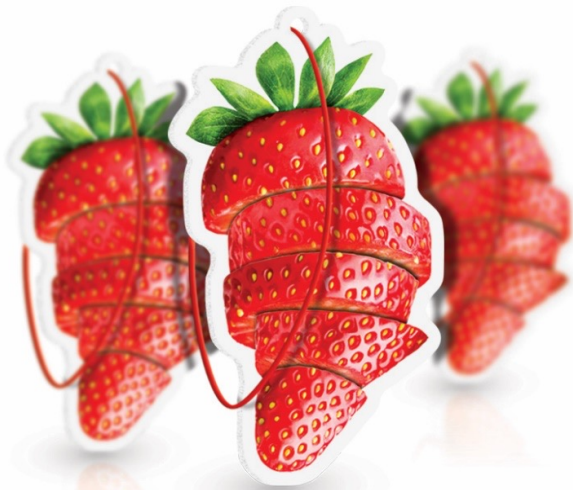

Create your own brand! We can help to customize both fresheners and header cards with euro-hole, which enables the eye-catching product exhibition. Additionally, we can prepare collective packaging adjusted to product and commercial chains' requirements. Stand out by a unique shape and high production quality!

Ask for our **DE LUX** offer for min **20 000** PCS.

A PROMOTIONAL CAR AIR FRESHENER PLUS A HEADER CARD

Customized fresheners and header cards printed on both sides in full colour (CMYK). A head-card may be used as an additional place for advertising.

FRESHCAR
STANDARD

We are one of the leading Polish manufacturers of car air fresheners. The Company was established in 1998. We sell our products not only on the Polish market, but also in many other European countries, in the Middle East and North Africa. What makes us special? – The wide choice of perfumed fragrances in our FreshCar brand.

KEY

The mould (freshener) shape. Your design will be cut along this line, including the hole for the string/hanger.
 The artwork including the bleed / outer margin. The artwork background must reach this line.
 The safe line / inner margin. All important letters and other elements which cannot be cut must be designed within this line.

The above patterns show only one of the two mould sides.

NEW! WOODEN CAR AIR FRESHENER

3 mm engraved plywood with 5 ml of oil from the list below.

Our main business is to produce car air fresheners but in addition, as a well established manufacturer operating from 1998, we can offer also some other services. As we pay special attention to the business secrecy, we enjoy the confidence of many long-term partners in the car air fresheners market. We used to execute some non-standard orders (e.g. for shoe fresheners or wardrobe fresheners). Your enquiries for b/m services will be welcome:

Flow packaging of non-food products like: promotional products (magnets, loyalty or discount cards, leaflets or stickers), household chemicals and cosmetics (dishwasher cubes, hotel soaps etc.), stationery (adhesive tapes, sharpeners, rulers and many more). Our machines allow us to achieve high packing efficiency.

Inserts and attachments – we accept orders for inserting and attaching loyalty cards, credit cards, business cards, CDs and other products attached to the surface by a staple or glue.

Lamination – we accept orders for laminating of various materials up to A1 format, with an accuracy up to 0,3 mm (fabrics, plastics, paper, cardboard).

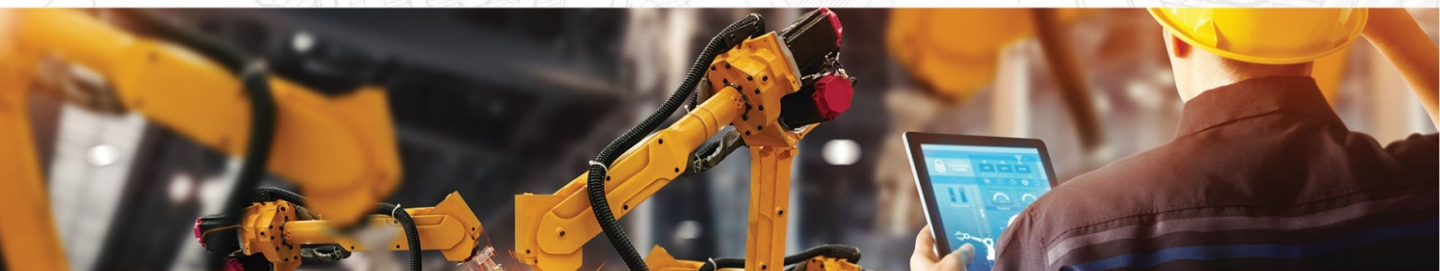

Strapping – we accept orders for strapping with a braided rubber cord 1-2 mms in diameter (e.g. cardboard labels or luggage tags). Your enquiry will be welcome and our technicians will verify the production possibilities.

Sale of a braided rubber band – we are a producer of 1-2 mms in diameter braided rubber cord (which we use for our fresheners) and we offer such a cord (braided, not twined around!) for our Customers own use, in any of available colours. The MOQ for one of the 16 colours used by us is 500m and for any other colour from the sample book is 13,000 m. per colour.

Customized collective boxes – we can prepare custom boxes for our Customers' own brand or promotional car air fresheners. For bigger orders any size and shape is possible including custom printing, while for smaller orders we offer ready-made shapes with or without printing. Please ask for price estimation.
